

Stolen and Otherwise

New Mexico is in position to add considerably to the zinc production of the United States.

A trial run of the mill at Philipsburg near Fairview, Sierra county, was made last week and proved to be quite satisfactory.

There is quite a demand in New Mexico for the rigid enforcement of the Sunday observance law. It is bound to come—New Mexican.

The home paper that gives you all the news of the day is as much of a factor in making home happy as is found in fine furniture or a well filled table.

The Albuquerque Journal gave exhibition runs of its new big press last Wednesday, Thursday and Friday to accommodate its patrons who wished to see the largest printing press ever brought to the territory, in operation.

The West has taken on a new impulse of progress. The irrigationists are a new national force. From this on, the question of irrigation will be agitated until Congress will be forced to make yearly direct appropriations for the reclamation of the arid lands of the west, just as it now does rivers and harbors.

New Mex., Oct. 15.—The wedding of Senator Thomas C. Platt and Mrs. Lillian T. Janeway of Washington took place today, the Rev. Dr. David J. Burrell of the Marble Collegiate church officiating. The wedding was very quiet, those in attendance including only a few relatives and intimate friends of the contracting parties.

The entire community was shocked today by the sad news that Mrs. Cora L. Bartlett, wife of Solicitor General Edward L. Bartlett, died this morning after a prolonged illness. The funeral will take place from the church of the Holy Faith at a time to be fixed hereafter. The many friends of this noble woman, not only in this city, but throughout this territory will hear of her death with great sorrow and sadness.—New Mexican.

This item is not original but it is true: The city of Santa Fe is getting first-class advertising these days. Some of it is done by the railroad companies centering there; quite a portion by the management of Summit and the Santa Fe and last but not least the New Mexican is doing its full share in that line. Benefit is bound to come from it.

W. H. Greer, owner of the Albuquerque electric street car franchise, and representative of the Victoria Land & Cattle company of Grant and Luna counties, reached the city this morning. Mr. Greer had a carload of outlaws, already in the city at Deming, to be shipped to the fair, when by accident in the yards the car was wrecked, and one horse was so badly injured that it had to be killed. This horse was intended as a present to Sheriff Tom Hall. Other horses were injured as well as the car, and so all effort to bring them to the fair was abandoned. Thus two riders and a carload of untamed broncos were cut out from the tournament of rough riding.—Citizen.

The New Mexican says: "One or two Democratic newspapers sneeringly emphasize that Judge W. H. Pope is a Democrat. The New Mexican does not know what Judge Pope calls himself but he does know that he is not the man who would have asked the endorsement of the Republican leaders of this Territory nor would have asked the President of the United States to the supreme bench of New Mexico, if he was not fully in accord with the administration and the policies for which it stands. Judge Pope is not the man who will shed his political coat for the sake of an office nor is he a weather-vane who turns whatever direction a party wind may be blowing"—NO?

No Fishing Allowed

Erie, Pa., Oct. 13.—This afternoon, while several Erie fishing tugs were engaged in setting or drawing nets on the Canadian side of Lake Erie they were pounced upon by the patrol boat Petrel, which a few weeks ago put several shots into the Silver Spray, under similar circumstances, before she succeeded in getting away. Today however, the Petrel captured the Star owned by Tabb & Constable, of this city, both of whom were on board.
